2024-2025 Verification Worksheet - Independent Student

V1: Standard Verification – Independent - Your 2024-2025 Free Application for Federal Student Aid (FAFSA) was selected for review in a process called verification. The law requires each institution to collect and verify this information before awarding Federal aid. You must complete and sign this worksheet, attach any required documents, and submit the form and other required documents to the YVC Financial Aid Office. If you have questions about verification, contact the financial aid office as soon as possible so that your financial aid will not be delayed.

C. Student’s Income and Earnings Information to be verified

Important Note: The instructions below apply to the student and student’s spouse included in the household. Notify the financial aid office if the student and spouse filed separate IRS income tax returns for 2022 or had a change in marital status after

December 31, 2022. As part of federal student aid eligibility, the student and spouse will be required to consent and approve sharing and importing income and tax information from the IRS to the FAFSA form, even if the attempt to obtain or use such data is ineffective. In most cases, no further documentation is needed to verify 2022 income information that was transferred into the student's FAFSA. If 2022 income tax return information for the student or spouse was not available, the student and spouse should provide the institution with appropriate 2022 tax documents.

Please check the box for the option that applies to the student.
